PROFESSIONAL EXPERIENCE

Exclusive Social Media for Coders

Aug 2022 – present

It has a touch of twitter type structure with user ability to create account, write BLOGS, sharing their experience, personalised Feed for users according to their likes. Currently it's in development phase and will add more features in future

Website For Downloading Thumbnails

It has personalised page for easy upload of thumbnails and psd's for admins. Skills Required were HTML, CSS and for backend PHP with MySQL
