## PERSONAL PROJECTS

Project Name : eBusiness  
Client : WM  
Designation : Backend-Developer  
Duration : August-2020 to till date

The objective of MSI project is to roll out existing application to new states viz. California, Florida, Georgia and Pennsylvania. 21st Century wants to expand their business to these states and hence states specific changes will be done to Enterprise Billing, Review & New Business. It is already developed project so I involved in this project for fixing the bugs and added new features.

## ROLES AND RESPONSIBILITIES

- *Worked on an Agile (Scrum) Development Team to deliver regular updates to business team and project managers.*
- *Involved in developing microservices using NodeJS*
- *Created Jenkins jobs for building and deploying applications*
- *Worked on GitHub for code hosting*
