About me:

Dedicated Full stack web developer with 2 + years of experience in achieving tangible results and cross-team collaboration. Proactive and excited to partner with like-minded individuals to achieve goals and creating solutions using MERN stack skillset.

WORK EXPERIENCE

02/08/2021 – 03/11/2022 Bangalore, India

FULL STACK WEB DEVELOPER MENDIOS TECHNOLOGIES PVT LTD

- Wrote and defined clean codes to achieve functional and sustainable web applications using **ReactJS**.
- Assisted in development through planning, designing, creating and testing.
- Created responsive design frontend layouts using **Material UI, HTML, CSS, Bootstrap, JavaScript** and **JQuery**, aiding smooth customer experiences.
- Worked with **axios** to establish communication between React apps and APIs.
- Used **React Query**, which is a ReactJS preconfigured data management library which gives you power and control over server-side state management, fetching, and caching of data, and error handling in a simple and declarative way without affecting the global state of your application.
- Provided complete technical documentation, code comments and readable code, properly storing in central documentation library.
- Optimised images effectively to improve overall SEO, increasing website reach and brand awareness.
- Collaborated with designers effectively to assess application requirements and advise on technical solutions.
- Trained a fresher.

28/01/2020 – 10/10/2020 Mumbai, India

FRONT END DEVELOPER ASPIRING MEDIA TECH

- Built website Frontend using **HTML, CSS, Bootstrap**,
- Added functionality for smooth UX using **JavaScript, JQuery**.
- Designed and implemented **Responsive Web Design** for mobile, desktop and tablets.
- Scheduled meetings with clients to discuss website design preference and requirements.
- Collaborated with designers to implement concept and design of website.

01/06/2019 – 27/08/2019 Mumbai, India

RPA DEVELOPER YASHUSS UNLIMITED PVT LTD

- Worked on Robotic Process Automation using automation anywhere.
