OBJECTIVE

I seek challenging opportunities where I can fully use my skills for the success of the organization. I'm looking forward to learn something new at every place.

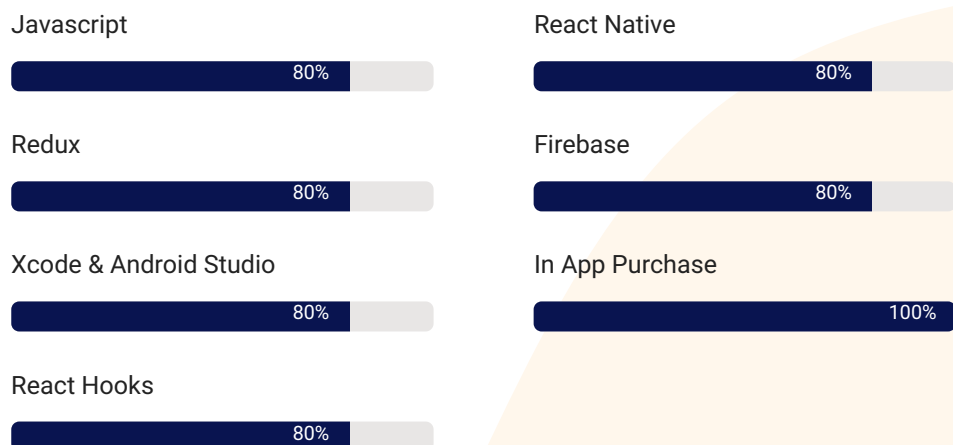

EXPERIENCE

- | | |
|------------------------------|---|
| July 2018
- April
2019 | <ul style="list-style-type: none">• React Native Trainee
Delphi Softwares
I started my Software Developer journey from here and learnt all the basics of js and react. |
| May 2019
- Sept
2020 | <ul style="list-style-type: none">• Associate Software Developer
OTS Software Solutions
I worked on live project from scratch and delivered with the help of senior developer. I learnt the deployments of the app on stores and basics of redux and had a good experience here. |
| Sept 2020
- March
2021 | <ul style="list-style-type: none">• Sr Software Engineer
Eminence Technology
I worked here as a Sr Developer and handled the project by myself and trained a junior as well. Worked on redux here and enjoyed it very well. |
| March
2021 -
Present | <ul style="list-style-type: none">• React Native Developer
Freelancer
I worked on product of the company and developed and live the project with three apps on both Android and iOS platforms. Go introduced to hooks here and a little with context APIs. |

EDUCATION

- | | |
|---------|---|
| 2014-18 | <ul style="list-style-type: none">• BTech
BK Birla Institute of Engineering and Technology
6.8 |
| 2012-13 | <ul style="list-style-type: none">• XII
CVM, Pilani, Rajasthan
6.2 |

SKILLS

PROJECTS

- **Aftercare**
It is product currently live in NCR. I developed all the three modules of the project and pushed

live on Play and App Store. The core modules I came across in this project are Social Media Logins, Push Notifications, Razorpay, google locations and location tracking.

User: <https://play.google.com/store/apps/details?id=com.aftercareuser>

Partner App: <https://play.google.com/store/apps/details?id=com.aftercarepartner>

Rider App: <https://play.google.com/store/apps/details?id=com.aftercarerider>

- **The Secret Tour**

I did all the development of the app. It contains major modules like In App Purchase, Google Maps and Push Notifications.

- **Sodality**

An app made for the NGOs. I worked on stripe integration and push notifications in the app and did all the design part of the app.

<https://sodality.app/>

- **Recover My Identity**

An app for Australia from where people can get help regarding their lost identities. In App Purchase was major module in the app.
