## PROFESSIONAL EXPERIENCE:

**Company-MayBright Ventures Pvt Ltd, 2018-07-current**

**Duration - July 2020 to present**

**own product | Team size-06 | Role- Python backend developer.**

## Responsibilities & Accomplishments:

- ❖ Implemented smartcredit machine learning model(it will predict credit limit and credit Score based on user behaviour), and responsible for maintaining smartcredit on live.
- ❖ created various REST APIs using Flask and Django.

## Skills

python  very good

Linux  very good

## Frameworks

Flask,Django  very good

## Databases

MySQL,  very good

CockroachDB  very good

Redis  very good

MongoDB,couchbase  good

## Web Technologies

HTML,CSS,Bootstrab  very good

## Project Management Tools

Gitlab,Gira  very good

- ❖ Responsible for Integrating and configuring 3rd party (Moengage , Appsflyer) applications to handle real time and scheduled data(crons).
- ❖ Responsible for creating sms parsing microservice( which will parse text and extract credit ,debit information from text).
- ❖ Implemented bank statement analyzer(which will extract data from pdf and process extracted data ) for live data.
- ❖ Implemented name matching algorithm (it will calculate matching percentage
- ❖ I closely work with data analytics team to provide necessary data.
- ❖ Responsible for managing NoSql (couchbase and yugabyte) data using fetch apis.
- ❖ Responsible for deploying changes through Jenkins.
- ❖ Implemented schedule job for generating daily report of *MayBright Ventures Pvt Ltd.*
- ❖ Created various event based and scheduled jobs using python.
- ❖ Responsible for implementing various asynchronous events using RabbitMQ (producing and consuming).
- ❖ Developing the background process of different modules.

## Education:

### Bachelor Of Technology(B.Tech):

MallaReddy College Of Engineering and Technology,2019.

CGPA:7.60

### Diploma:

Jyothishmathi institute of Technology and Science,2016.

Percentage: 83.74

## Personal Information

**Nationality:** Indian

**Date of birth:** 17<sup>th</sup> December 1997

**Languages:** English, Telugu
