Sunil Kumar, Full Stack Web Developer

Experienced Web Developer adept in all stages of advanced web development.

My professional work experience is lacking, but I have built personal high end projects to simulate the work opportunity

Knowledgeable in user interface, testing, and debugging processes.

Equipped with a diverse and promising skill-set.

Able to effectively self-manage during independent projects, as well as collaborate in a team setting.

Employment History

Frontend developer at Arpit Singhal, Personal Project

March 2019 — June 2019

I was hired as the front-end developer for a really ambitious project.

It was a web-app for freelancers, to manage their work.

It was a fixed contract, I was to deliver the first iteration of the project and ship it.

Skills

- React
- JavaScript ES6
- Node.js
