Experience

Software Developer

Muvi entertainment pvt ltd. • bhubaneswar, odisha
07/2021 - 12/2022
Muvi is the World's only All-in-One OTT Platform which allows you to launch White Label Multi-Device Video Streaming Platform

offering Video on Demand (VOD) & Live Streaming as well as Audio Streaming Platform offering Music Streaming and Live Audio

Broadcast instantly! Muvi includes everything, fully managed, end-to-end, all controlled from single CMS, no coding or IT teams required.

- Worked with team of 12 member and provided end to end solution for clients
- Working on 1 project which is Tattle for which first client is Turning Stone , NY , USA , gradually we are increasing customer for it
- and we are also using it internally in our company .
- Tattle basically convert your conversations over email, phone, chat, and web request to tickets in one tap. Tattle allows you to
- create, assign, track, update ticket details on one interface thereby promoting a collaborative workflow while increasing agent
- productivity.Stay on top of each ticket with a bird's-eye view of dependencies, bottle-necks, response time, resolution time,
- individual performance and more.
- What Tattle offers and others dont is :-
- Faster Integration across wider platforms
- Unlimited Customization Support
- Customizable User-friendly UI
- Stronger Security with auto-reporting of unauthorized access
- Easy Data Migration
- White Glove Support
- working under my manager and my Team Lead
